

INTERNSHIPS

Intern Positions Available for 2018

For those who want to be part of creating an unforgettable customer experience while earning college credit at the same time! Sports Force Parks' internships make it possible for students to learn how a sports park operates on a daily basis. You will learn valuable skills in customer service, event management, sales, retail and amenities and park operations/maintenance, as well as gain contacts and experiences to jump start a career in the world of sports!

An intern at Sports Force Parks-Sandusky will have an unique opportunity to develop professionally at an outdoor sports park of distinction. Our staff will provide each intern valuable learning experience while the college or university course requirements are met. Internships are a paid position and the student must be part of a college or university program or course.

We offer a weekly stipend and an opportunity to earn a scholarship at conclusion of the internship program.
